(Bold in original.)

In an e-mail sent to you July 27, 2026, we stated the following:

Could you confirm whether the below email is intended to be a new FOIA request? Or are you attempting to narrow 2026 FOIA 079012? Please advise.

In an e-mail received on July 27, 2026, you stated the following:

Thank you for confirming how the Office should classify the submission.

Please treat the July 25, 2026 submission as a **new and separate noncommercial FOIA request**. It is **not** a narrowing, amendment, supplement, replacement, or modification of 2026 FOIA 079012.

The word "narrow" in my submission described only the limited subject matter and date range of the new request. It was not intended to alter the scope or status of 2026 FOIA 079012.

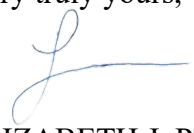

Accordingly, please:

1. assign the July 25 submission a separate FOIA tracking number;
2. process it independently under its stated scope and date range; and
3. leave 2026 FOIA 079012 unchanged and pending under its existing operative scope.

Please confirm the new tracking number and the date on which the Office considers the new request received. (Bold in original.)

Please be advised that this office has conducted a search of its records, and we have located no records responsive to your request.

Very truly yours,

ELIZABETH J. PTACEK
Assistant Attorney General
FOIA Officer
